education

2014-2018

The Ohio State University - Bachelor of Arts
New Media Communication and Technology
(Human Computer Interaction Focus)

2018

We Can Code It - Certificate of Software
Development

industry experience

2018

Software Development Apprentice, *We Can Code It*
Project 1, *Virtual Pet Shelter*

Using test driven development, I drove the creation of an application that simulates taking care of the pets in a shelter. This project was built using Java and the Spring Framework.

Project 2, *Github Portfolio Site*

I was tasked with creating my own personal portfolio site. All illustrations were created by me. This project was built using pure CSS, HTML, and some Javascript.

profile

Freshly graduated HCI student.
Full Stack Developer with a fondness for design. Skilled at working in a wide range of languages, and also always eager to learn more. Exceptional collaborative and interpersonal skills; dynamic team player with well-developed written and verbal communication abilities. Passionate and inventive creator of innovative digital experiences; accustomed to performing in deadline-driven environments.
